

59           C  
When the night has come  
Am  
And the land is dark  
              F                   G  
And the moon is the only  
                  C  
light we'll see  
          C  
I won't be afraid,  
          Am  
No, I won't be afraid  
                  F                   G  
Just as long as you stand,  
C  
stand by me.

Chorus:

                                  C  
**So, darling, darling, stand by me,**  
          Am  
**Oh, stand by me.**  
          F            G  
**Oh, stand, stand by me,**  
C  
**Stand by me.**

          C  
If the sky that we look upon  
          Am  
Should tumble and fall  
          F                    G  
Or the mountain should crumble  
          C  
in the sea, I won't cry, I won't cry,  
          Am  
No, I won't shed a tear  
          F                    G            C  
Just as long as you stand, stand by me.
